January 11, 2022

To Our Valued Distributors,

Please be advised that due to increases in raw material Ward Manufacturing will be implementing an 8% price increase on all Wardflex products. This increase will include fittings and tubing.

This increase will go into effect on February 14, 2022. A new list price sheet will be available on our website (www.wardmfg.com) in the very near future.

Due to issues with obtaining raw material, orders placed prior to this increase will be limited to 10% of your last 12 months purchases.

If additional information is needed, please contact your local Wardflex Representative.

Regards,
